WEBSITE ACCESS

Once the application and registration fee is received, teams will be granted access to formally complete their registration information on the website. Teams must update this website throughout the start of the season. This information provides the organizing committee with valuable information to seed and group teams for the tournament thereby providing a competitive balance across the division. An email will be sent to confirm or provide you with your username, password and link. (<http://www.oihf.net/registration/login.aro>)

If you do not receive this email two weeks after sending your application please contact info@bellcapitalcup.ca and your internet service provider to allow OIHF emails through your security filter.

Prior to final acceptance, teams must have all fields completed and provide up-to-date team standings. Acceptance for competitive teams will be sent periodically throughout the fall beginning in late July. Confirmation for House League teams will commence during October.
